

STARPOOL

wellness concept

## IMMERSED IN WELLNESS

In less than 3 square metres, shower, steam bath, emotional showers and self-treatment wellness circuits. The use of light and colours, the choice of materials, the ergonomic design of the instruments and the harmonious proportions all come together to enhance functionality.

™ SweetSpa  
YOUR PRIVATE SPA AREA

Sweet SPA by Starpool is the wellness area of elegant design and superior quality that in less than 3 square metres offers the same levels of reliability and effectiveness of a professional SPA into the intimacy of your own home.

Sweet Spa – built to accommodate up to two persons without sacrificing comfort and space – is the ideal product for creating a real SPA in the privacy of your home, but also for providing added value to hotel suite, wellness centre or yacht.

## YOUR WELL-BEING A FINGERTIP AWAY

Simple and intuitive to use, the Sweet Spa capacitive touchscreen allows you to immediately command all of the functions simply through your fingertips: it's the heat of your finger that expresses your wishes.

### SHOWER

With ceiling shower head and wall hand shower, both run by a thermostat, Sweet Spa offers comfortable showers alone or for two, immersed in colour and accompanied by your favourite music.

### STEAM BATH

The professional system provides a steam bath that reach 48°C and 98% relative humidity. The steam is scented with eucalyptus that enhances its benefits.

### EMOTIONAL SHOWERS

Sweet Spa offers the delicate emotions of Breeze, a blue-coloured mist with the fragrance of Mint, and Rain, an amber-coloured summer drizzle with the fragrance of Maracuja.

### WELLNESS CIRCUITS

Four different choices based on the main wellness objectives. One simple touch to select your favourite circuit enhanced with cosmetics for a pleasurable self-treatment. Twenty minutes immersed in a steam bath with colours, music and the emotional showers Rain and Breeze.

### COLOURS

The colours diffuse through the steam, creating the atmosphere that best suits your mood. The hidden light sources create thrilling effects without dispelling the sense of intimacy.

### MUSIC

You may personalise your Sweet Spa with your own favourite music. Additionally, each of the four different wellness circuits has its own sound frequencies track aimed at enhancing the benefits of each circuit.

## TECHNICAL DETAILS

Sweet Spa is quickly installed wherever there are the minimum space, power and water connection conditions required. Its maintenance is simple and commanded via the control panel that can be installed in a technical trolleyed cabinet or remotized without taking up any extra space.
